Donations Are Deductible To the Extent Allowable Under IRS Regulations

PRIOR TO ADOPTION GPA/CNH has each track greyhound examined by a veterinarian to ascertain that it is in good health. The dog is neutered, tested for heartworm and kept current on heartworm preventative medication. The dog is also given inoculations as needed for distemper/parvo (DHLLP),

kennel cough, and rabies. In addition, a fecal float is performed and, if necessary, appropriate worm medications are administered.

ADOPTERS RECEIVE health records for their dog, a collar and leash, a GPA/CNH I.D. tag, and a copy of the book: Adopting the Racing Greyhound by Cynthia Brannigan. Your GPA/CNH placement representative is ready and happy to help you and your greyhound through the transition period of adoption.

COST: In order that GPA/CNH may continue providing the medical pre-adoption services, a minimum \$300.00 non-refundable donation is requested of each adopter.
